WOODPECKER

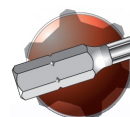

THE ULTIMATE DECKING & FENCING SCREW

Powers Fasteners continue to bring out new and exciting products.

Woodpecker is the best!

- 316SS
- Self embedding head
- Special clamping thread
- Torx drive for guaranteed easy installation
- Will not split the end grain
- All deck types – hard, soft & treated
- No pre drilling needed
- Clean trim head
- Available in Trade (500) & D.I.Y (250) quantities
- Durable and reusable plastic packaging

Comes complete with 2 Proprietary Torx drivers

2 in 1

Drills & screws in one

12 gauge

50mm

65mm

Notes:

Due to the nature of some timbers applications close to the edge of the timber end grain may cause timber to split, if this occurs pre-drilling may be required

WOODPECKER® — TIMBERDEK TORX 316 STAINLESS STEEL
